

PPA0043 | XPLR+H 3-flute concrete drill bit with drilling stop -SDS+ (Hanging SDS clip)

This 3-flute concrete drill bit with 3 grooves and depth stop is specially designed to ensure precise and consistent drilling in reinforced concrete, concrete, natural stone, brick, etc. Its integrated depth stop allows for easy drilling at a constant depth, ideal for series drilling. Its self-centring tip, half-round helix and single-piece carbide tip guarantee speed, reliability and durability.
