

PPA0304 | 2-flute concrete drill bit XPLR+2Tcyl - Cylindrical (Plastic sleeve)

2-flute drill bit with cylindrical shank designed for drilling in common construction materials, optimised for use with cordless drills. Its refined geometry and specific carbide insert reduce energy consumption while ensuring fast and clean drilling in concrete, brick, stone or breeze blocks. Ideal for finishing work requiring fastening operations both indoors and outdoors.

Application

Cinder
Block

Stone

Brick

Concrete
