

PPA0314 | 3-flute concrete drill bit XPLR+3Tcyl - Cylindrical (Plastic sleeve)

This 3-flute drill bit with cylindrical shank is designed for drilling common construction materials, for use with a chuck drill or drill press. Its 3-flute geometry allows for fast penetration, improved stability and superior durability, even in abrasive materials. Ideal for installation work, ducting or fixing in concrete, solid or hollow brick, stone, granite or breeze block.

Application

Cinder
Block

Stone

Brick

Concrete
