

PPA0073 | 3-flute drill bit with integrated dust extraction - XPLR+APmax -SDSmax ()

The PEUGEOT 3-flute drill bit with dust extraction revolutionises drilling with its integrated dust extraction system, which guarantees the best fixings, particularly for chemical anchors, while ensuring a clean worksite. Thanks to its tip with 3 integrated channels, it immediately removes dust, eliminating the need for cleaning while ensuring fast, smooth and jam-free drilling, etc.

Application

Cinder Block

Brick

Reinforced Concrete

Concrete
